PLATFORM TRIALS: IMPOSSIBLY COMPLEX OR THE FUTURE OF CLINICAL TRIALS?

26. März 2019, 9.00h c.t.

Seminarraum des CeMSIIS, Spitalgasse 23, Raum 88.03.813

Medizinischen Universität Wien, Spitalgasse 23, 1090 Wien

HOST: Franz König

ABSTRACT:

Platform trials are certainly getting some attention but do the possible efficiency gains warrant the complexity of design and implementation?

What are the possible efficiencies of platform trials? How insurmountable are the complexities? How might platform trials transform the clinical trial landscape? This talk will take a look at the current state of play.
